CLASS INFORMATION

Acting and Movement

Using their bodies, and voices, the young actors will create strong and distinct characters. They will engage their imaginations to see themselves and others in environments beyond the present surroundings.

Audition Tips

Creating a strong audition is not all about having the best voice and best dance moves. The young actors will learn how to "tell a story" when they perform.

Expressive Speaking

Striving for a natural and conversational speaking style, the young actors will focus on tone, pitch, rate, facial expressions and eye contact. Theatre games and creative play will foster expressive speaking.

Technical Theatre

Touring the backstage of the 2024 fall musical will excite the young actors. Members of the cast and creative team will field questions about the creative process.

Vocal Performance

Learning the fundamentals of vocal production, vocal placement and breath through performance practice, the young actors will develop and present singing characters.
